Design Fee includes 2-3 design options from which to choose, with limited customization. *Fully custom* website designs and re-designs are charged hourly at \$55.00 (US). Advanced programming, such as PERL, CGI, Flash, ASP, Java, JavaScript, PHP, or SQL are priced hourly at \$75.00 (US). Additional fees apply for expedited service.

Monthly Management Fee includes hosting with a professional Internet Service Provider (ISP), website maintenance including updates to text, photos, and small graphics revisions, error resolution, up to 10 email accounts, and one traffic report per month which describes both the number and type of "hits" to your website. This fee DOES NOT INCLUDE market research, copywriting, business services *, visitor support *, graphic design for print or for banner ads to be used on other websites, document conversion (to web-ready format), creating or editing multimedia files, e-commerce or other advanced programming including, but not limited to: PERL, CGI, Flash, ASP, Java, JavaScript, PHP, or SQL.
